State itself; and the "taxes and tolls" should be understood to apply to real taxes & tolls. This view is strengthened by the insertion of the word "present" the terms mentioned by Dr. Sweet in his letter refer to. The expression "taxes & tolls" cannot refer to the ~~taxes~~ ~~land goods~~ duty paid to the British on household goods. This may perhaps be pointed out to Dr. Meildazis. but as, however, the amount is small, and as the R. J. press for it, ~~the~~ ~~amount~~ may be refunded as a special on the submission of the original

Under rule 4 of the rules issued under section 75 of the Sea Customs Act, the personal baggage of a passenger or of his family is exempt from duty. (P. 146). On page 39 of the Sea Customs manual, it is stated that machinery & component parts thereof are free without reference to the industry for which they are intended, & no reference could be found re exemption on account of materials for public Health work. Dear Sir,

I am enclosing herewith a copy of a letter received from our New York Office regarding import duty paid on personal household goods brought with me from the United States. In this letter Mr. Gillette refers to Dr. Sweet's letter of December 26th, 1927, to the Hon'ble the Dewan of Mysore. As I recall this letter there was also mention made of telephone service for both myself and Dr. Sweet.

In addition to the duty mentioned in Mr. Gillette's letter of June 30th enclosed, I have paid import duty on personal household goods amounting to Rs 60-6-0. I would be pleased to have an indication from Government as to just what arrangements had been agreed to regarding these matters.

Yours sincerely,

J. J. Mieldazis

In your April expense book there is included on the bill of Binny & Company dated April 12, 1930 an item of Rupees 91-6 covering import duty on 2 cases of refrigerator parts which you shipped from New York.

Will you kindly take this matter up with the government since it is our understanding that any materials brought into the country in connection with public health operations would be admitted free, and your household goods should come under this category. In the meantime, your account is being approved as submitted, and should there be any subsequent adjustment in this item, kindly advice us by letter.
